Competition Commission of India, New Delhi

Sponsored by Delegation of the European Union to India under
“Capacity Building Initiative in the Competition Area under Trade Development
Program in India”

About Workshop: The term 'Competition Policy' is broader and inclusive of Competition Law. Competition Policy means a set of government measures, policies, statutes, and regulations including a competition law, aimed at promoting competitive market structure and behavior of entities in an economy. It is understood that "Competition law must emerge out of a National Competition Policy, which must be evolved to serve the basic goals of economic reforms by building a competitive market economy". Hence Competition Policy requires addressing a broad swathe of governmental policies, at the central and state level, in order to deliver the benefits of a more dynamic and vibrant economy.

Keeping this in view, workshop aims into specific facet of competition policy and its interface with specific area of economy covering, innovations, infrastructure and finance. Speakers in the workshop will be a combination of regulators, academia, practicing lawyers and policy consultants having rich experience in the relevant areas

Objective: Workshop aims enquire into the specific competition related issues in key sectors arising out of government policies and sector specific regulations. The expected outcome of the workshop is improve the content for the Competition Policy in India.

Fee: There is no fee for this programme. It is sponsored by the Delegation of the European Union to India under the action entitled 'Capacity Building Initiative in the Competition Area under Trade Development Program in India'.
