

Report May 2015

eSpeak section

Kashmiri

The tester in Kashmiri had given audio recordings of the Kashmiri alphabets. On the basis of the audio recordings from the tester the developer has prepared a basic framework in Kashmiri.

Kannada

The developer prepared a list of exception words in Kannada depending on the feedback from the tester. This list has been added to the eSpeak test build and soon the Kannada will be closed with its basic support complete.

Sindhi

A confirmation was obtained from the Sindhi tester for the visit of the developer to Mumbai to complete the basic support for Sindhi.
