Student Project Presentation:

The Digital World we live in is reinventing everything through the use of digital technology. With this rapid transformation comes the need to properly harness digital technologies and put them into effective use. On this aspect, a special student project exhibition is being organized as part of Jyoti Summit which is scheduled on 28th September 2018.Students are invited to submit their project ideas in the form of model, a prototype or as a poster. It is an opportunity for students to exhibit their innovative work and get a feedback from eminent experts and other delegates of the event.

Audio Visual Presentation:

In the modern era video speaks a thousand words and has a lasting impact that can reveal all secrets and helps the soul to have a perfect visualization. Jyoti Summit 2018 organized by Jyoti Nivas College, PG centre proudly presents V-scintillate "A Video Making Competition" to bring out the creativity and innovation through lights, camera and action on The Digital World: Emerging trends in Management, Chemistry, IT, Literary and Cultural Studies.
